

Facebook Safety

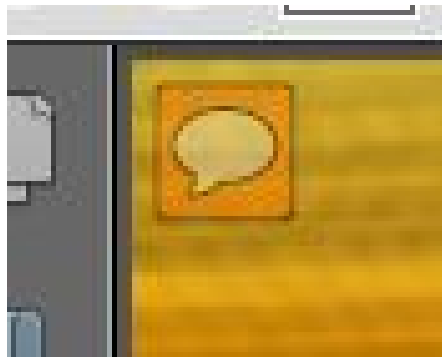

Presented by
Keystone Computer Concepts

Before we get started:

Just a reminder that when you view the PowerPoint presentation from any of our webinars, you'll be able to read our notes for each slide that has a small note icon in the upper left-hand corner.

Facebook Safety

Presented by
Keystone Computer Concepts

What's good about Facebook:

1) It's a fast, easy way to share stories and pictures to a lot of friends and family, just by posting one time.

What's good about Facebook:

2) It's a social media platform which allows you to “connect” with friends and family especially those with whom you've lost touch over the years.

What's good about Facebook:

3) It's fairly simple to use Facebook – if you can type and upload pictures, you're pretty well set.

What's not so good about Facebook:

1) If your security settings are weak, you can easily give up all your privacy.

What's not so good about Facebook:

2) Others may “find” you on Facebook when you’d rather they didn’t.

What's not so good about Facebook:

3) Facebook is a great place for hackers.

Facebook Safety

Today, we'll concentrate on safety in Facebook.

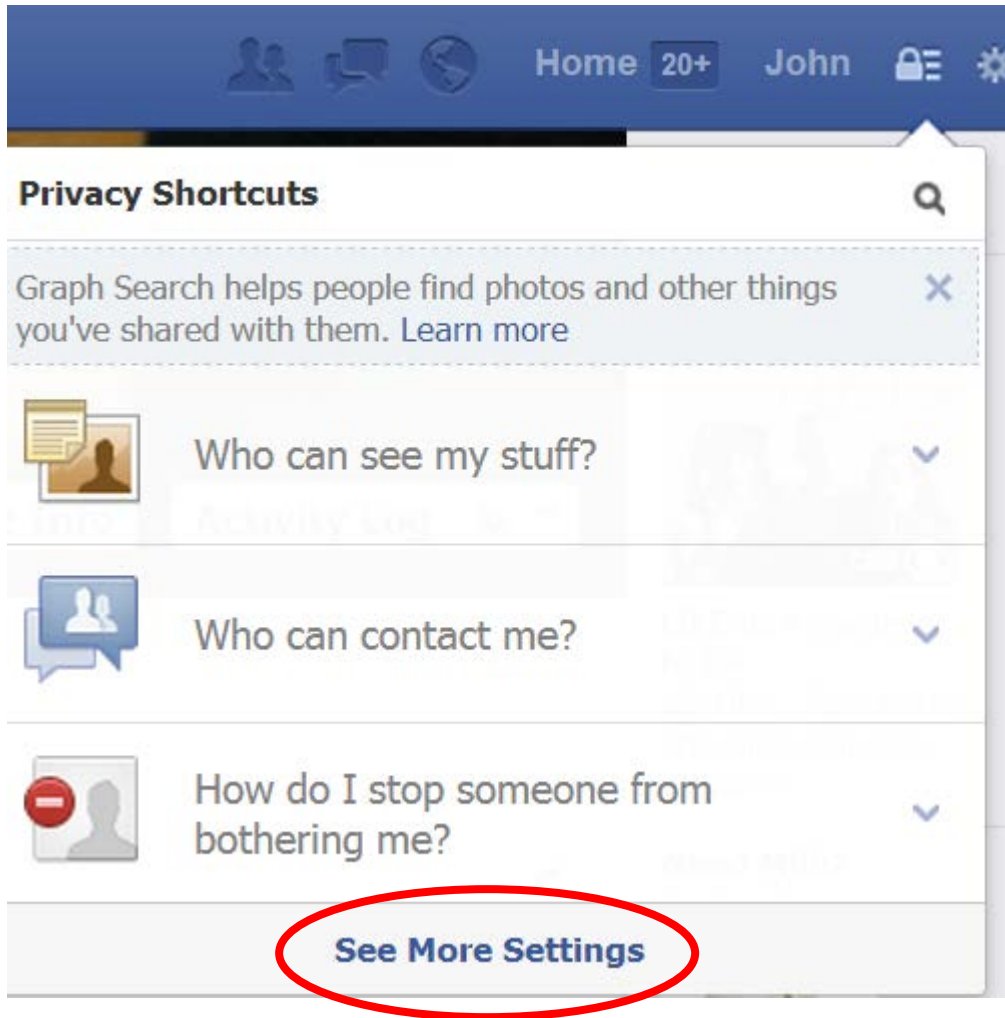

Safety Step #1

11

Lock down your profile.

When this window appears, click on “See More Settings”

Who can see my stuff?	Who can see your future posts?	Public	Edit
	Review all your posts and things you're tagged in		Use Activity Log
	Limit the audience for posts you've shared with friends of friends or Public?		Limit Past Posts
Who can contact me?	Who can send you friend requests? <div> Everyone </div>		Close
	Whose messages do I want filtered into my Inbox?	Basic Filtering	Edit
Who can look me up?	Who can look you up using the email address or phone number you provided?	Everyone	Edit
	Do you want other search engines to link to your timeline?	On	Edit

Demo

Safety Step #2

14

Don't post a picture that gives away your location to those who don't know you.

Safety Step #3

15

Don't put your password in a second time because you clicked on a link someone posted.

Safety Step #4

16

Don't accept friend requests
from friends of friends without
thinking it over.

Our October Webinars

We'll be announcing our October webinars soon. Watch for the announcement in our blog (www.4kcc.com/blog), in our Question of the Week email and on Facebook – www.facebook.com/4Keystone.
