## Question Of The Week

### March 13, 2019

Dear Valued Customer,

Happy Wednesday! Have you adjusted to the time change yet? Our Cairn Terrier, Gus, still wants to walk at his usual time but I have to hold him off because it's pitch black outside!! Grrrrr

Anyway, our question this week is about a quiz we gave at our seminar on Saturday. You should take the quiz and see how much you know (or need to learn)! Find the link below.

**REMINDER:** Microsoft and/or Apple will NEVER call you out of the blue, they will NEVER cause a window to appear on your device warning you that it's infected and that you should not turn it off or you'll lose everything. These are SCAMS.

We hope you're having an awesome week!

John  
772-408-4425

## Next Seminar

If you live on the Treasure Coast, our next seminar is Saturday, April 13, 2019. The seminar title is "Halleljuah" and it will be from 10:00 a.m.-12 Noon. The cost is still \$8 per person. Come a little early for coffee, juice, donuts and other goodies. No need to register ahead of time, just come join us! You may bring your laptop or tablet if you like but they are not necessary for the class. Our seminar will be held in the Fellowship Hall of [Trinity United Methodist Church, 2221 NE Savannah Rd., Jensen Beach, FL 34957](#) (Click on the church name for directions.)

Are you reading our blogs? Six blogs a week! You can sign up to have them delivered directly to your Inbox.

Each post takes 3-4 minutes to read, normally, as we know your time is valuable.

You can get a free computer education just by reading our blog posts!

We hope you'll try it. Just click [HERE](#) to visit our blog.

# Question of the Week

**Question:** "I don't live on Florida's Treasure Coast but I heard from a friend who does that you gave a very good quiz at the seminar this past Saturday. Is there any chance I can get a copy of the quiz?"

**Answer:**

Everyone seemed to agree that we learned a lot from taking Saturday's Seminar Quiz. The good news is, you can actually take the quiz online.

Before I give you the link to take the test, you should know a few things. 1) The questions all came from my weekly blogs; 2) Question #9 - here's a hint - has two answers and you'll only know the one if you've been reading our blogs so you may have to guess; 3) You will need to fill in your name and email address to see the results; 4) the quiz is 10 questions in length and shouldn't take you too long to complete.

Finally, if you WERE at the seminar on Saturday, you should take the quiz again as a reminder. I'm expecting you to get a 100!

To access the quiz, click [HERE](#).

---

If you attended our seminar OR if you read my blog post entitled "[Laptop Surge Protection](#)" you understand the importance of protecting your laptops, tablets and smartphones from electrical surges. If you need a portable surge protector - something you can easily take with you and use when you're in an airport or a coffee shop, etc., then click on the image below. We'll make two bits if you buy and you'll get a device you really should have.
